Summaries of Services and Fees

I. PERSONAL FINANCIAL PLANNING (PFP)

The Client employs the Adviser as financial adviser to assist in preparing a personal financial plan on the terms and conditions listed below. Personal financial planning is an ongoing service recommended for all of our clients. In the performance of this service, we seek a complete understanding of your situation in order to provide complete answers to your questions regarding cash flows, employee benefits, retirement, risk management, insurance, investments, taxation, estate planning, etc.

We use the latest and best technological tools to model and analyze the results of choices faced by our clients.

Our experience and tools can give you a more secure today and a more confident tomorrow.

SERVICES: *We agree to appraise your financial situation and make recommendations to accomplish your objectives. The financial analysis will consider one or more of the following elements: current position, cash flow, education funding, retirement planning, income tax planning, estate planning, risk management, insurance, and other specified financial concerns.*

INFORMATION: *You agree to furnish all relevant information concerning your financial situation, and our recommendations will be based on the information you have provided as well as any additional information known to us. You and we agree to share equal responsibility for initiating and completing the annual reviews.*

PROCEDURES: *You shall always be at liberty to follow or disregard, wholly or partially, any information, recommendations or advice given by us. You will make and be fully responsible for all decisions relating to the advice given. You are free to select any person, firm or company you prefer for implementation of the ideas and recommendations made in the analysis.*

FEES: *The fee for the first 12 months is \$1,980, which can be paid in 12 automatic monthly bank drafts of \$165. There is no interest or carrying charge imposed for monthly payments. We recommend and will assume that your intent is to continue receiving our financial planning services indefinitely, in which case your monthly cost will usually change at the beginning of each 12-month renewal period.*

Beginning in the 13th month, the fee is reduced to \$780 per year, which can be paid in 12 automatic monthly bank drafts of \$65. Thereafter, we will adjust the fee to account for inflation.

If you wish to cancel our services, you can notify us by email or U.S. mail. You will be responsible for the remaining payments during the then-current 12-month period.

ANNUAL REVIEW: *It is important that your financial plan be reviewed and revised annually. If your circumstances change substantively prior to your scheduled annual review, you can email a question or schedule a special review. It is our policy not to impose additional charges for questions or special reviews; however, if we deem it necessary, we will inform you prior to imposing any additional charge.*

II. INVESTMENT MANAGEMENT (IM)

The Client employs the Adviser as investment adviser, to continuously supervise the investment and reinvestment of those assets which the Client hereby puts under the Adviser's management (hereafter referred to as the "Account"), on the terms and conditions below.

The purpose of investment management is to further the Client's investment objectives.

INVESTMENT AND MANAGEMENT AUTHORITY: We will supervise and direct the investment of the Account, as agent. In fulfillment of our duties to you we may buy, sell or exchange between, and otherwise trade in any security that we believe will support your investment goals. We may place orders for the execution of such transactions with or through such brokers, dealers or issuers as we may select. In most cases we will use Charles Schwab and Company to provide custody of and trading services for the Account. We will not take possession of your securities or other assets. We will manage the account on a discretionary basis in accordance with your investment objectives.

FEES: We will draw a quarterly investment management fee from the Account as shown on the schedule below. The fee is payable in advance for the coming calendar quarter or portion of a quarter and is computed and deducted from the Account on or about the first day of each calendar quarter. The amount of the fee is based on the aggregate value of the Account at the end of the preceding calendar quarter. A prorated fee is charged for additions to the Account between quarterly fee payment dates, and prorated fee refunds are credited to the Account for distributions from the Account between quarterly fee payment dates. Prorated fees and refunds are collected or dispersed on or about the next billing date, generally within five business days. The fees set forth above are to compensate us for our services and are in addition to other costs associated with the acquisition, disposition, or ownership of investment assets. The fee schedule is subject to change upon 30 days prior written notice to you.

FEE SCHEDULE: The following fee schedule will apply to investments managed by us:

Value of the Account	Per Quarter	Per Year	Aggregate Per Year
First \$500,000	0.2500%	1.00%	1.00%
Next \$250,000	0.1875%	0.75%	<1.00%
Next \$250,000	0.0875%	0.35%	<0.9167%
Next \$1,000,000	0.0625%	0.25%	<0.7750%
Next \$1,000,000	0.0075%	0.03%	<0.4413%
Next \$1,000,000+	0.0075%	0.03%	<0.3042%

RISK OF INVESTMENT: You understand that there are risks inherent in every investment. It is our intent to manage those risks appropriately. We cannot assure that your objectives will be met. Our investment recommendations and decisions are based on your current situation, resources, and goals in addition to our current expectations of the behavior of the securities included in the portfolio. Your situation and goals will change over time, as will reasonable performance projections. More suitable securities may become available. Your situation should be re-evaluated annually to confirm that your strategic plan is appropriate, and you should inform us whenever substantial changes in your goals or situation take place. The performance of the securities selected for your portfolio will be monitored on an ongoing basis. Periods of underperformance are not unusual or alarming for a security or an asset class. At times, the overperformance of some securities and underperformance of others may result in the need to rebalance your portfolio to maintain an appropriate level of risk. To the extent possible we will avoid the sale of assets where such sale would result in taxable gains, however at times taxable gains may be unavoidable in the interest of minimizing portfolio losses or participating in anticipated gains. We will continuously monitor and adjust your holdings to the best of our ability in order to implement your strategy. At times our actions may diverge from the stated plan if we consider those actions to be in your interest. **We will in all instances and at all times operate solely to further your objectives.**

CONSIDERATIONS REGARDING QUALIFIED PLAN ROLLOVERS: In most cases, upon retiring from employment we recommend that our clients transfer their qualified plan assets to Charles Schwab & Co. as custodian under our management. The following points should be considered:

- **Early Distributions:** If you require "early distributions" from your account, it may be beneficial to leave the assets with your employer temporarily in order to invoke the "rule of 55". Alternatively, you could take "72(t)" distributions from your rollover account.
- **Creditor Protections:** Most states, including Missouri provide creditor protections to rollover IRA and Roth accounts. If our client has other tax-deferred accounts at Schwab we recommend rollovers be held separately for additional security.
- **Charles Schwab & Co:** As of September 2024, Schwab has \$9.92 trillion under management, which is more than Fidelity, Vanguard, Merrill Lynch, and J. P. Morgan.
- **Asset types:** Schwab can provide custody for a vast range of assets and asset types including stocks, bonds, ETFs, mutual funds, CDs, indexed CDs, REITS, structured products, options, etc., etc.
- **Transaction costs:** Most transactions in Schwab accounts are commission-free.
- **Account insurance:** Schwab accounts are insured by the FDIC and SIPC.

III. HOURLY ADVICE

The Client employs the Adviser to provide information and/or opinions on one or two specific questions which can be answered without having a full understanding of your situation. You will be charged based on our actual time expended at a rate of \$300 per hour or portion of an hour, including client research and review time. You will receive an estimate of the time required and will agree to it at the time of engagement.

COMMON PROVISIONS

CONFIDENTIAL RELATIONSHIP: All information and advice furnished by either party to the other hereunder, including their respective agents and employees, shall be treated as confidential and shall not be disclosed to third parties, except as required by law, or as permitted in writing by both parties, or as required to maintain certain technical capabilities of the Adviser for the benefit of the Client, or as specifically excepted in this document. Hourly advice fees payable by you will be based on actual time expended by us on your behalf as stated in HOURLY ADVICE.

ACCOUNTING AND LEGAL ADVICE: It is understood and agreed that the Adviser and its employees are not qualified to and will not render any legal or accounting advice, nor prepare any legal or accounting documents for the implementation of the Client's financial and investment plan. ARBITRATION: Client and Adviser agree that all controversies between the parties concerning any transaction or the construction, performance or breach of this or any agreement between us, whether entered prior, on, or after the date hereof, shall be determined by arbitration. You understand that this agreement to arbitrate does not constitute a waiver of the right to seek a judicial forum where such waiver would be void under the federal securities laws. Such arbitration shall be before three arbitrators and conducted in accordance with the Commercial Arbitration Rules of the American Arbitration Association then applying. The award of the arbitrators shall be final. Judgment upon any arbitration award rendered may be entered in any court, state or federal, having appropriate jurisdiction.

BASIS OF ADVICE: You acknowledge that we obtain information from a wide variety of publicly available sources, and that we have no sources, and do not claim to have sources of inside or private information. The recommendations developed by us are based on our professional judgment, and we cannot guarantee the results of our recommendations. You shall always elect unilaterally to follow or ignore, completely or in part, any information, recommendation or counsel given by us under this Agreement.

ASSIGNMENT: Pursuant to the provisions of the Investment Advisers Act of 1940, as amended, and the Missouri Securities Act, neither party hereto may assign, convey, or otherwise transfer any of its rights, obligations, or interests herein without prior express written consent of the other party. Subject to the provision regarding assignment, this Agreement shall be binding on the heirs, executors, administrators, legal representatives, successors, and assigns of the respective parties.

MISSOURI CONTRACT: This Agreement shall be deemed a Missouri contract and shall be governed and construed according to the laws thereof.

ENTIRE AGREEMENT: This Agreement constitutes the entire agreement and understanding of Adviser and Client and may not be amended or modified except by written instrument executed by both Adviser and Client. If there was a prior agreement between the parties for similar services, the parties now acknowledge and agree that this agreement supersedes and replaces the prior agreement.

ENFORCEABILITY: Any provision of this agreement which is prohibited or unenforceable shall be ineffective as to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof.
